## The Tuition Rewards® Program

At SAGE Scholars, our mission is simple: **to make quality private higher education more accessible and affordable for every family.** Since 1995, we've helped families plan, prepare, and save for college by partnering with **hundreds of private colleges and universities across the nation** to guarantee meaningful tuition savings.

Now, through the **National Scouting Bureau**, we're extending that mission to student-athletes — **turning hard work on the field into real scholarships off the field through Tuition Rewards.**

This has been an amazing experience! We had no idea so much help is available. Our kids are actually excited to attend college.
